CHECKOUT OUR WORK HISTORY

Aleph INDIA began operations in 2009 with the goal of assisting all manufacturers and importers across the globe in meeting the standards required to get Indian product certification.

We enlarged our organization in 2018 and established **Aleph Accreditation & Testing Centre [P] Ltd** to provide more power and grace to our clients in India and abroad.

Aleph Industries [India] Pvt Ltd was founded in 2019 to supply good quality Lab Equipment to assist the Manufacturers to establish their in-house labs within their budget using quality products.

The core mission of **Aleph INDIA** is to create a bridge between **manufacturers / importers and regulatory authorities/ministries** for seamless conformity assessment compliance and to establish a world class quality assured environment through testing and certification.

LET'S SEE OUR MISSION

VISION STATEMENT

- Aleph INDIA envisions global impact through cutting-edge services, supporting organizations in **Standardization, Conformity Assessment, Testing, Training, and Compliance.**
- Committed to staying ahead of global trends, we prioritize '**Customer First,**' aiming to build, protect, and enhance organizational reputation and trust.

QUALITY POLICY

- Aleph INDIA is devoted to delighting customers with efficient services in **standardization, Conformity Assessment, Testing, Training, and compliance.**
- We commit to continual improvement through **stakeholder collaboration**, emphasizing core values of Commitment, Integrity, Dedication, and Work Optimization.
- Our focus includes risk mitigation, seizing opportunities, ensuring sustainability, and enhancing innovation capabilities for **superior customer service.**

HOW WE WORK

PROJECT MANAGEMENT

Aleph INDIA®

We at **Aleph INDIA** consider that quality maintains the credibility of the product in the market, even though the prices fluctuate. Here in Aleph INDIA, we have a complete end-to-end encrypted **internal online system and Customer Relationship Management (CRM)** system, in an approach to manage a company's interaction with valuable and potential customers, daily updates on running projects and notifications for upcoming government norms.

We have complete project tracking and targets for the operation team to complete the projects within time frames. ***Quality in service is our first priority.***
