NOTIFICATION

The following notification is being circulated in accordance with Article 10.6

1. Notifying Member: <u>INDIA</u> If applicable, name of local government involved (Article 3.2 and 7.2):
2. Agency responsible: Department of Animal Husbandry & Dairying, Ministry of Fisheries, Animal Husbandry and Dairying, Government of India Name and address (including telephone and fax numbers, email and website addresses, if available) of agency or authority designated to handle comments regarding the notification shall be indicated if different from above: Joint Secretary (NLM), Room No. 245, Krishi Bhawan, New Delhi, 110001, India, Telephone Number: 011 2387804 Email: jspf-dadf@nic.in Website: https://dahd.nic.in
3. Notified under Article 2.9.2 [X], 2.10.1 [], 5.6.2 [X], 5.7.1 [], 3.2 [], 7.2 [], other:
4. Products covered (HS or CCCN where applicable, otherwise national tariff heading. ICS numbers may be provided in addition, where applicable): 1. Mineral mixtures for supplementing Cattle feeds (IS 1664), 2. Cottonseed Oilcake as Livestock Feed ingredient (IS 1712), 3. Mustard and Rapeseed Oilcake as Livestock Feed Ingredient (IS 1932), 4. Dicalcium phosphate, Animal feed grade (IS 5470) 5. Common salt and cattle licks for animal consumption (IS 920)
5. Title, number of pages and language(s) of the notified document: Animal Feeds and Feed Ingredients (Quality Control) Order, 2024; (2 page(s), in English)
6. Description of content: This order seeks to ensure conformity of the feed ingredients (Mineral mixtures for supplementing cattle feeds, Cottonseed Oilcake, Mustard and Rapeseed Oilcake, Dicalcium phosphate, Animal feed grade and Common salt and Cattle licks) to the Indian Standards, as amended from time to time, as specified in the Table of the Order.
7. Objective and rationale, including the nature of urgent problems where applicable: The ingredients under notification i.e. Mineral mixture, Cottonseed Oilcake, Mustard and Rapeseed Oilcake, Dicalcium phosphate, Common salt and cattle licks are essentially used as feed ingredients/Feed supplements. The standards prescribe the

requirements and the methods of sampling and tests for the ingredients used as livestock feed ingredients/supplements.

1. IS 1664 -Mineral Mixtures for supplementing Cattle feeds are of two types: Type 1- Mineral Mixtures containing salt and Type 2- Mineral Mixtures without salt. The product shall be free flowing powder, and free from adulterants, insect, visible fungus infestation and undesirable odour. The ingredients used in the preparation of Mineral mixture shall be suitable for consumption and shall contain no substances harmful to Cattle.
2. IS 1712 - Cottonseed Oilcake as Livestock Feed ingredient –The standard does not include the solvent extracted cottonseed oil cake. The material shall be of Decorticated or Undecorticated cottonseed oil cake. The material shall be free from harmful constituents, castor oil cake, husk and mahua oil cake.
3. IS 1932- Mustard and Rapeseed Oilcake as Livestock Feed Ingredient: The standard does not include the solvent extracted Mustard and Rapeseed oil cake meant for livestock. The Mustard and Rapeseed oil cake shall be the product obtained after the expression of oil from Mustard and Rapeseed by the hydraulic or expeller or rotary method.
4. IS 5470 - Dicalcium Phosphate, animal feed grade is an important source of calcium and phosphorus for feeding livestock, as such or through mineral mixture. The standard, which takes into consideration the present manufacturing practices, would help in exercising proper quality control during production.
5. IS 920 - Common salt and cattle licks for animal consumption - Common salt for animal consumption shall be in the form of a crystalline solid; white or pale- pink or light grey in colour, free from visible contamination of clay, grit or extraneous adulterants and impurities. Cattle licks shall preferably be in the form of blocks or bricks and shall be free from visible contamination with clay, grit and extraneous adulterants or impurities.

The order seeks to ensure that the locally manufactured or imported goods shall conform and shall bear the standard mark under license from the Bureau of Indian Standards (BIS) as per Scheme -I of Schedule-II of the Bureau of Indian Standards (Conformity Assessment) Regulations, 2018. The use of standard mark is governed by the provisions of Bureau of Indian Standards Act, 2016 and the Rules and Regulations made there under. Bureau of Indian Standards shall be the certifying and enforcing authority.

8. Relevant documents:

A copy of the Animal Feeds and Feed Ingredients (Quality Control) Order, 2024 is enclosed.

9. Proposed date of adoption: Yet to be decided

Proposed date of entry into force: One Hundred and Eighty days from the date of its publication in the Official Gazette

10. Final date for comments: 60 days from notification

11. Texts available from: National enquiry point [] or address, telephone and fax numbers and email and website addresses, if available, of other body:

Joint Secretary (NLM),
